

The Scandic Hamburg Emporio will open its doors in spring 2012, directly in Hamburg's city center by the Gänsemarkt. The design story water as well as the Scandinavian flair create a warm and welcoming atmosphere.

SCANDIC HAMBURG EMPORIO

WHERE WATER MEETS WATER

When entering the lobby, Scandic Hamburg Emporio presents itself as a calming and demanding oasis. You face the theme water in many areas of the hotel, based on mist, ice, oceans, clouds and lakes. With this design and the uniquely designed rooms and the public areas in bright colours, Scandic Hamburg Emporio is probably one of the most ideal places to stay. The rooms with the walk through closets offer great space for luggage or shopping bags, equally designed for business- and leisure guests.

The restaurant H2O is located on the ground floor and inspires with its modern atmosphere. The perfect location for a cocktail is the adjoining courtyard terrace. The Bar & Lounge H2O is situated in the hotel's lobby. Whilst listening to lounge music this is a great place for networking or just use the free WIFI.

The meeting facilities – with design inspired by water reflections – are on the 7th floor overlooking the city.

Conscious Meetings

Conscious meetings are about the respectful use of resources, which is why we provide jugs of Scandic water instead of plastic bottles. We also have eco labeled meeting materials and serve organic, fairly traded coffee on our refreshments buffets.

Environmental conference

At Scandic, every meeting is an environmental conference since many of your key environmental choices are made automatically.

Accessibility for everybody

We want that everybody can enjoy a meeting at Scandic, whatever their needs. In consultation with disability organisations, hotel guests and team members, we have drawn up a checklist of 110 points which we call Scandic's accessibility standards.

Safety and security

We always run through safety and security issues with the person holding a meeting with us – an integral part of Scandic's work.

Go to scandichotels.com/meeting to download a list of tips on what you can do to make your meeting even better.
